Summary

- Energetic and dedicated B.Tech graduate in Computer Science and Engineering from the College of Engineering Adoor, APJ Abdul Kalam Technological University. Passionate about leveraging technical and problem-solving skills to develop innovative technology solutions. Proficient in building responsive web interfaces using HTML and CSS, with programming skills in Python, supported by a foundational knowledge of C programming concepts.

Education

- **COLLEGE OF ENGINEERING, ADOOR, KERALA** **2026**
  KTU, B.Tech in Computer Science and Engineering *CGPA: 8.06*
- **GOVT HIGHER SECONDARY SCHOOL, PUTHOOR** **2022**
  Plus Two *93.16%*
- **GOVT P. V. H. S. S PERUMKULAM** **2020**
  SSLC (10th) *FULL A+*

Projects

- **Quiz Test Application:**
  Developed "QUIZFIT," a desktop application to make efficient and creative quiz and automate the scoring and evaluation process. Implemented features for question management, automated result generation, and performance tracking.
  Technology Used: Python, NLP.
- **Cerebro-Link:**
  Project integrating next-generation 6G networks with Brain-Computer Interfaces (BCI). Studied low latency communication, neural signal transmission, and future applications in healthcare and human-computer interaction.
  Technology Used: Python, Bio AMP Pills, Raspberry Pi, ESP 32, Deep Learning(Deep4net).

Technical Skills

- **C Programming:** Strong foundation in procedural programming, memory concepts, control structures, functions, arrays, pointers, and problem-solving using C.
- **Python:** Proficient in Python programming with experience in implementing logical problem-solving techniques, developing desktop applications, and working with basic data handling concepts.
- **HTML & CSS:** Experience in creating structured and semantic web pages using modern HTML elements and responsive page layouts. Skilled in designing user interfaces using styling, layouts, positioning, and basic animations.

Internship

- **Python Full Stack Development:** **2026 - Present**
  Camerin - Indian Institute of Upskill | Ernakulam
  Currently undergoing training in Python Full Stack Development. Completed foundational training in Python programming, MySQL database management, Python-MySQL database connectivity, and version control using Git and GitHub. Actively learning frontend and backend development technologies as part of the internship curriculum.
- **Web Development Internship:** **2024**
  White Track Technologies | Thiruvananthapuram
  Gained hands-on experience in designing, structuring, styling, and developing web pages using HTML and CSS.

Leadership & Activities

- **Secretary, IEEE Education Society SBC CEA**: 2025–2026
- **Research Team Member, IEEE Education Society SBC CEA** 2025–2026
- **NSS Volunteer, College of Engineering Adoor** 2023–2025

Additional Skills & Interests

- **Soft Skills:** Adaptability, Teamwork, Active Listening, Self-motivation, Communication Skills, Open-mindedness.
- **Interests:** Research, Volunteering, Travelling, Football.
- **Languages Known:** Malayalam (Native), English, Hindi.
